STEP 01

Research

90 DAYS BEFORE LEASE MATURITY

Find Your Next Vehicle

This is a great time to consider your options and learn about all of the great Stellantis vehicles and incentive offers available to you. Schedule a test drive with your dealer to find your next vehicle, and then easily lease again with Stellantis Financial Services!

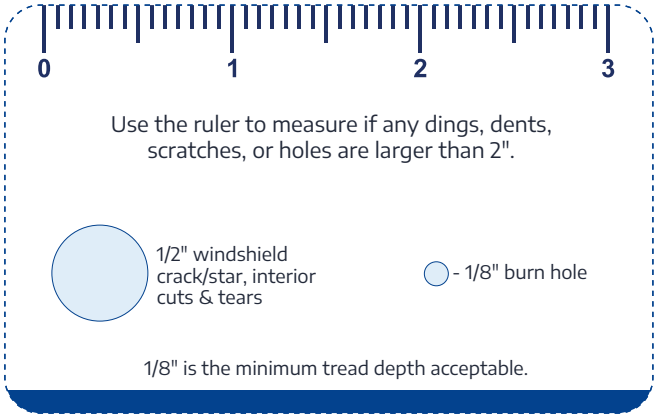

Learn About Wear & Use

Your vehicle may sustain damage during the course of your lease. While some wear and use is normal, anything considered excess wear could result in additional charges. It's important to understand the condition of your vehicle to help you avoid any unexpected charges at the end of your lease. To assist with this important step, we have developed a Wear & Use Estimation Tool. Use the online tool or the Excess Wear & Use (EWU) Guidelines on page 8 to help you understand potential excess wear & use costs. Make any necessary repairs ahead of returning your vehicle. Talk with your originating dealer about your repair options.

We're here to help answer any questions you may have, call the Lease Maturity Team at **833-991-4369.**

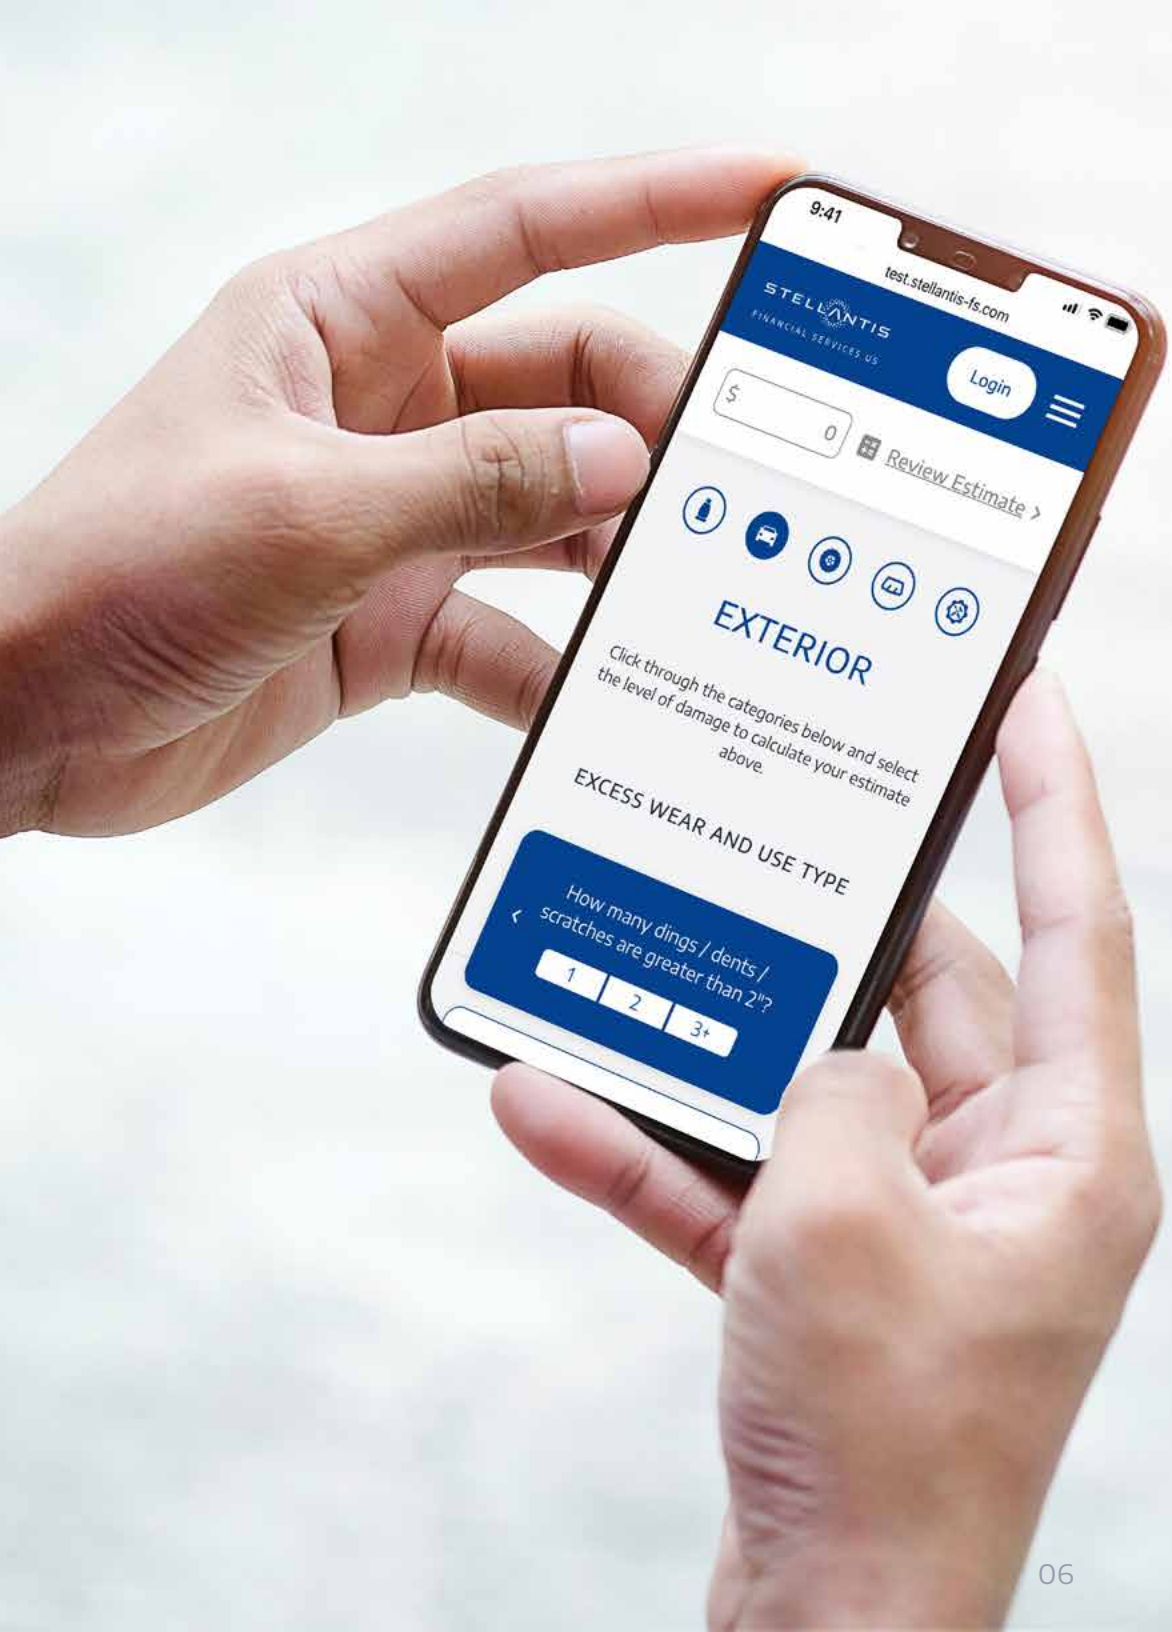

Confirm Your Mileage

Confirm your mileage allowance and any per-mile overage charge by reviewing your lease agreement. Going over your mileage allowance will result in an excess mileage charge.

EXCESS WEAR & USE CARD

Print and cut out the card above to use the measurements and guidelines provided to self assess any wear and use you have on your vehicle. Consult the Excess Wear & Use Guidelines on page 8.

Try our online Wear & Use Estimation Tool.

STEP 02

Inspect

60 DAYS BEFORE LEASE MATURITY

A pre-return inspection is not required. However, an inspection may be scheduled prior to return if you would like.

If a pre-return inspection is not completed, SFS will use an independent third-party inspector to perform an inspection after the vehicle is returned.

Your lease-end vehicle inspection is free of charge and can be completed either at your originating dealership (where you first leased your vehicle) or a location of your choice — such as your home or workplace. The vehicle inspection report will be available 24-48 hours after the inspection has been completed.

To schedule your lease-end vehicle inspection, call the Lease Maturity Team at **833-991-4369.**

STEP 03

Return

30-0 DAYS BEFORE LEASE MATURITY

This is not the end, it's just the beginning!

Turn in your vehicle and upgrade! It's time to return your current lease and get into a new Chrysler, Dodge, Jeep®, Ram, FIAT®, or Alfa Romeo.

Set an appointment with your originating dealer to return your vehicle. Once your vehicle is returned, ensure you receive a completed Vehicle Return Receipt from your dealer and call us at **833-991-4369** to confirm your lease return.
